Retention Policy

- 11.17 Non-continuation of academic studies at the University is covered by the following guidelines:
- 11.17.1 The following are ineligible to continue studies at the University:
 - 11.17.1.1 Upperclassmen who obtain a cumulative GPA of less than 1.000 at the end of the third trimester of any academic year of their residence in the University may not re-enroll. For freshmen, the cumulative GPA is assessed at the end of three consecutive trimesters starting from the term of entry, notwithstanding LOA.
 - 11.17.1.2 Upperclassmen who incur 15 units of accumulated units of failure in academic courses by the end of each academic year, notwithstanding any LOA, are ineligible to enroll. Freshmen are rendered ineligible to continue their studies in the University if they incur at least 18 units of accumulated units of failure in academic courses by the end of the third trimester starting from the term of entry notwithstanding any LOA.
 - 11.17.1.3 For students with ID number 102 and above: those under the Liberal Arts, Science, Business, Economics, and Education single degree programs who have accumulated 24 units of failure; under the Computer Studies programs who have accumulated 27 units of failure; and under the LIA-COM, Engineering, COM-COM and Education double degree programs who have accumulated 30 units of failure in academic courses at the end of any trimester. After proper evaluation, students (regardless of the program he/ she belongs to) incurring at least 50% of the maximum allowable failure accumulations in academic course shall have their EAFs withheld. A student who reaches the failure limit specified in any subsequent 96 trimester will not be allowed to enroll in the University. Responsibility for evaluation of eligibility still lies with the student. Ineligibility or suspension does not depend on prior notice by the University.
 - 11.17.2 Any failure incurred is automatically added to previous accumulated units of failure. Only students who have not reached the maximum allowable accumulated failures may re-enroll any failed course. If a student receives a grade of 2.5 or higher in the re-enrolled failed course, the original failure will not be counted in the accumulation of the number of units failed. However, all failures will still be counted for purposes of GPA computation and will be reflected on the transcript of records.
 - 11.17.3 Pre-enrollment of students who have become ineligible will be invalidated automatically.
 - 11.17.4 Students who have accumulated the maximum number of units of failure set per program but have less than or equal to 30% of academic units remaining in their curriculum will be allowed to reenroll.
 - 11.17.5 Students in the DLSU-Laguna Campus with ID 112 and below who obtain a CGPA of less than 1.000 at any given term after his/her third term in the University are not allowed to re-enroll.
- 11.18 A student who has exceeded the number of terms prescribed in his/her program flowchart will have to secure permission from the Associate Dean to continue enrollment in the University.
